

Clear Interior Finish Touch Up

Marvin Field Applied Instruction

ABSTRACT: This instruction demonstrates how to repair small imperfections. For procedures on repairing larger areas, contact your local Marvin representative.

WARNING!

Follow all safety, hazard, cleanup, and disposal instructions from the manufacturer of any product used to fill holes, dents, and minor imperfections as well as touch up materials.

You Will Need to Supply

- Tack Cloth
 - Paper towels for cleanup
 - .75 ounce bottle of clear interior finish with applicator (part number 11401918)
 - Hair dryer (optional)
 - 200-400 grit sand paper
-

1. Sand area lightly with 200-400 grit sandpaper to feather out edges of existing coating.
2. Clean area properly with a tack cloth. Apply clear interior finish to the surface of the area with applicator. Multiple light coats may be necessary. See figure 1.

Figure 1

To accelerate drying, use a hair dryer on low setting.
