Questions regarding Marvin window or door products can be addressed to the following:

Your Distributor _____

Trademarks Information

The following trademarks are referenced in this manual:

LEXAN is a registered trademark of General Electric Company.

TotalHome is a registered trademark of Honeywell.

Flexacron is a registered trademark of Pittsburgh Paint and Glass Industries, Inc.

Aluminum Exterior Colors

Aluminum exterior colors are referenced throughout this manual. They include the following colors:

Pebble Gray (PB)	Ebony (EB)	Wineberry (WB)	Cascade Blue (CC)
Stone White (SW)	Cashmere (CS)	Cadet Gray (CG)	Clay (CY)
Hampton Sage (HS)	Sierra White (SA)	Bronze (BZ)	Gunmetal (GM)
Bahama Brown (BN)	Evergreen (EG)	Coconut Cream (CO)	Suede (SE)
Pearlescent Colors:	Bright Silver (MSL)	Copper (MCP)	Liberty Bronze (MLB)

For orders that require a color not included in our standard colors, custom color matching is available. Please contact the Marvin Architectural department for more information, quoting, and ordering.

The following product types are only available in PB, BN, EG, BZ and SW :

Commercial Door Steel Frames	Sliding Patio Door Standard Screens
Energy Panels	Ultimate Double Hung Combinations
Glider Products	Ultimate Double Hung Magnum Combinations
Sliding French Door Standard Screen	

* Bahama Brown is not available on Magnum Tilt Turns or Magnum Double Hung Tilt Pacs.

Touch Up Paint

Brush on and aerosol spray touch up paint is available to repair a scratch. See the Misc Mouldings chapter for descriptions and parts numbers.

Matching Paint and Stain: Options

1. Most Sherwin-Williams dealers can match exterior and interior colors. At your Sherwin-Williams store, ask for: National Accounts >Marvin Windows and Doors >Signature/Ultimate products.
2. Color matching can also be done at your local paint store. Please contact your Marvin representative for samples of available finishes.

Product Abbreviations

Product abbreviations can be found on Marvin Online Docs Library (MODL).
