### ORDERING REPLACEMENT SCREENS FOR CASEMASTER

Screens are available with aluminum or wood surround and charcoal colored fiberglass 18 x 16 screen mesh. Aluminum mesh is available as an option in black, charcoal, bright aluminum, or bright bronze. Determine the outside measurement of the existing screen. Find the sizes that correspond to the width and height indicated on the following charts. Aluminum surrounds are available in satin taupe, bronze, white, brown and pebble gray.

When ordering replacement screen specify:

1. size; – If there is no existing screen from which to obtain the OM of the screen, determine the size of the screen by using measurement conversion charts below. The daylight opening is the measurement of the visible glass.
2. color;
3. mesh type (if other than standard)
4. year or fastener type (if other than current).

Note: Gold tone screen surround is no longer available.

<b>StormPlus IZ4</b> <b>Casemaster and Awning Screen Sizes</b> <b>Aluminum and Wood Screens</b>  <b>Daylight Opening to OM of Screen</b> Daylight Width + 2 3/4" = OM Width of Screen Daylight Height + 2 7/32" = OM Height of Screen
