When ordering replacement balance tubes please specify the following information:

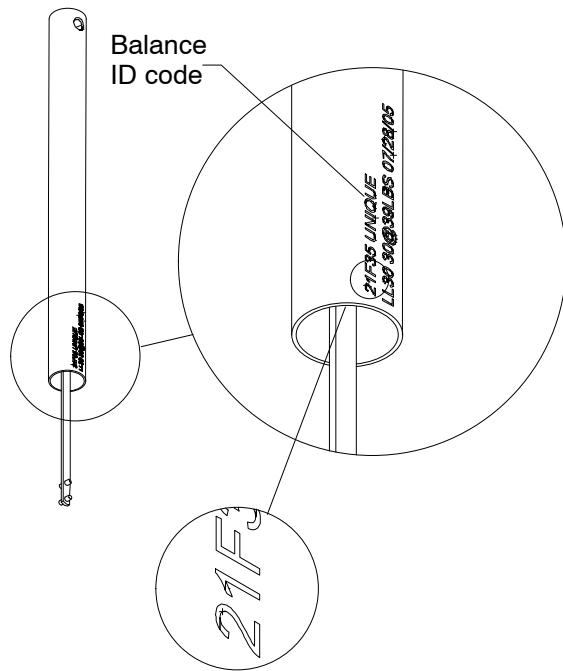

1. Provide original order number if available
2. Provide part number*. The part number can be determined from the chart provided below, which is based on the balance ID code.
NOTE: Information is imprinted on tube. (see illustration)
3. Specify top or bottom sash;
4. Specify quantity. Do **NOT** specify as *pairs* or *sets*. If one tube is needed, specify: quantity of 1. If four tubes are needed, specify a quantity of 4. Part numbers listed below are for one balance only.

* In some applications, a part number may not be available. In that case, please provide the ID code.

Balance tube replacement can be a difficult process. Please contact your Marvin representative or marvin.com for sources of information to assist you.

NOTE: The Clutch needs to be ordered separately.

Converting standard travel to full travel balance tubes in the field is not recommended on mulled assemblies.

WOOD ULTIMATE WOOD DOUBLE HUNG MAGNUM

If you are replacing an existing energy panel, determine the outside measurement of the existing energy panel. Find the sizes that correspond to the width and height indicated on the following chart. Energy panels are available for Wood Ultimate Double Hung Magnum with bronze or stone white aluminum surrounds. Replacement parts and turn buttons are available in the Misc Moulding Chapter.

When ordering energy panels specify:

1. size; If there is no existing EP from which to obtain the OM of the panel, determine the size of the EP by using the conversion chart below. The daylight opening is the measurement of the visible glass.
2. color of surround;
3. glass type.

**Wood Ultimate Double Hung Magnum
and Single Hung Magnum****Daylight Opening to OM of EP**

Daylight Width + 1 1/8" = OM Width of EP
Daylight Height + 1 1/8" = OM Height of EP

NOTE: OM should not include lip.

WOOD ULTIMATE WOOD DOUBLE HUNG MAGNUM

Combination units are composed of two glass panels and a screen insert. One of the storm panels slides up for self storage when the screen is in use.

When ordering replacement combinations and/or inserts determine the outside measurement of the existing items or use the following conversions if none exists. Use the following charts based on daylight openings of the primary window sash to determine combination size and component sizes. Aluminum surround on combinations are available in Bronze and Stone White. Charcoal aluminum wire screen is standard. Fiberglass mesh screen is available as an option.

When ordering replacement combinations specify:

1. size; – Measure the existing unit for OM of the combination or determine the size of the combination by using the conversion charts below. The daylight opening is the measurement of the sash visible glass (provide measurements of both sash if unequal height).
2. color;
3. mesh type (if other than standard);
4. glass type.

DUAL BALANCE SYSTEMS FOR THE ULTIMATE AND ULTIMATE WOOD DOUBLE HUNG MAGNUM TILT PAC

Manufacturer numbers are stamped on the balance tube assembly above the locking terminal.

When ordering a replacement dual balance system, specify the following:

1. Original order number if available
2. The balance size (see illustration). Often the two numbers on the tubes are different. Always provide both numbers. For example: 2530/2530 (both numbers the same), 5210/3220 (different numbers)
3. The top or bottom sash;
4. The weight of the sash (if balance size is not available).
5. The quantity of dual balance systems. Do **NOT** specify as *pairs* or *sets*. If one system is needed, specify: quantity of 1. If four systems are needed, specify a quantity of 4.

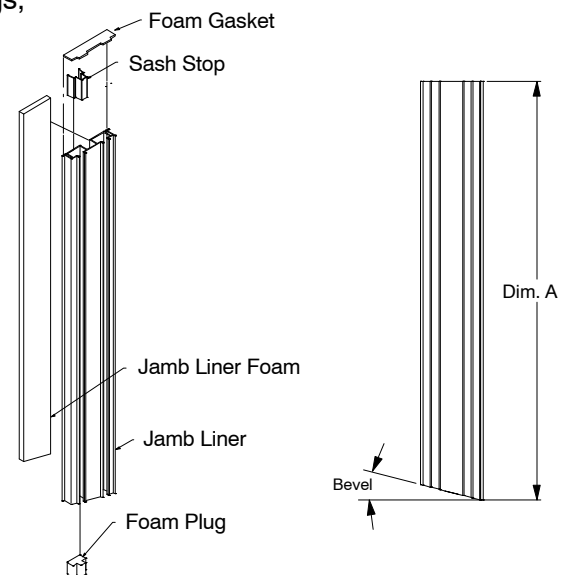

NOTE: If an energy panel was installed after the original purchase, a heavier balance may be necessary.
 NOTE: S-hooks are provided when dual balance systems are ordered.

JAMB LINERS FOR THE ULTIMATE AND ULTIMATE WOOD DOUBLE HUNG MAGNUM TILT PAC

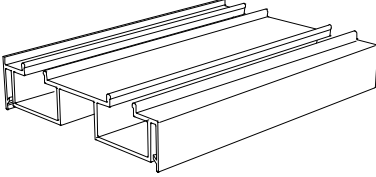

Replacement jamb liners include clip mounted vinyl jamb liners, foam plugs, foam backing, sash stops and foam gaskets.

When ordering replacement jamb liners, specify the following:

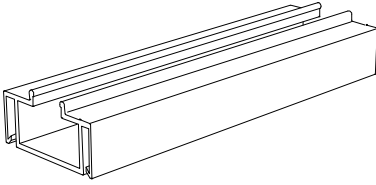

1. Original order number if available
2. The type (double hung or single hung).
3. The length (see dimension A).
4. Specify clip mount.
5. Specify color (white or beige).
6. Provide sill bevel. (Standard bevel is 14°)
7. Specify left, right, or pair (as viewed from exterior).
