Architectural beauty occurs when you put the finest materials into the hands of talented craftspeople. When time-honored techniques are executed without compromise. Where form and function effortlessly combine to create heat-forged masterpieces. Hand-selected from the collections of renowned hardware makers, each piece is thoughtfully designed to complement your Signature Ultimate door, and your unique aesthetic. This is Gallery Hardware.

BUILT BY CRAFTSMEN. CURATED BY MARVIN.
DISTINCTIVE HARDWARE FOR DISTINCTIVE SPACES.

Established in 1987, Ashley Norton is one of the leading designers of fine architectural hardware. With a broad range of designs to suit any architectural style and an abundance of finish options, Ashley Norton solid brass and bronze hardware is built by the most talented craftsmen for the most discerning customers.

MAKE ELEGANCE LOOK EFFORTLESS.

Founded in 1884 in France by famed ironworker Gustave Bouvet, Metal Style Bouvet combines traditional French ironwork craftsmanship and materials with modern technology to create distinctive hardware for equally distinctive doors. Metal Style Bouvet represents the finest of decorative French-inspired hardware.
Designs inspired by traditional French country architecture are the hallmark of the Bouvet LaForge Collection. Established in 1884, Bouvet combines traditional hand-forging methods with state-of-the-art manufacturing processes. To take just one example, their Cementex Treatment integrates zinc particles onto steel hardware at high temperatures to inhibit rust and discoloration. This combination of innovation and craftsmanship results in amazingly beautiful, remarkably durable wrought-iron handle sets.
